

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

- **EN ISO 28927-8/A2** Hand-held portable power tools - Test methods for evaluation of vibration emission - Part 8: Saws, polishing and filing machines with reciprocating action and small saws with oscillating or rotating action - Amendment 2: Oscillating knives (vibrating screen removal tools)
- **ISO 5982** Mechanical vibration and shock - Range of idealized values to characterize human biodynamic response under whole-body vibration
- **ISO/TS 16976-4** Respiratory protective devices - Human factors - Part 4: Work of breathing and breathing resistance: Physiologically based limits
- **EN 14564** Tanks for transport of dangerous goods - Terminology

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Food processing equipment

NF H 95-420 Handling and lifting in the food industry - Slaughterhouse platforms with adjustable and non-adjustable height - Integrated prevention

Ergonomics

ISO 15537 (revision) Principles for selecting and using test persons for testing anthropometric aspects of industrial products and designs

Additive manufacturing

XP E 67-006 Additive Manufacturing - Safety, Health and Environment - Requirements for Metallic Materials

Lifts, escalators and moving walks

EN 12158 (revision) Builders' hoists for goods - Part 1: Hoists with accessible platforms

Waste collection and transportation management

ISO 24161 Terminology for waste collection and transportation management

Safety identification, signs, shapes, symbols and colours

EN ISO 7010 (revision) Graphical symbols - Safety colours and safety signs - Registered safety signs
