

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

#### Health and Safety at Work standards published

**ISO 14955-4** Machine tools — Environmental evaluation of machine tools - Part 4: Principles for measuring metal-forming machine tools and laser processing machine tools with respect to energy efficiency

**ISO 16000-40** Indoor air - Part 40: Indoor air quality management system

**ISO 17492** Clothing for protection against heat and flame - Determination of heat transmission on exposure to both flame and radiant heat

**EN ISO 16092-2** Machine tools safety - Presses - Part 2: Safety requirement for mechanical presses

#### New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

#### **Assessment of workplace exposure to chemical and biological agents**

**EN 14583 (revision)** Workplace exposure - Volumetric bioaerosol sampling devices - General requirements for use and evaluation of performance

**EN 1540 (revision)** Workplace atmospheres - Terminology

#### **Graphical symbols and pictograms**

**ISO 20560-2** Safety information for the content of piping systems and tanks - Part 2: Tanks

#### **Industrial Trucks**

**EN 1459-1/A1 (revision)** Rough-terrain trucks - Safety requirements and verification - Part 1: Variable-reach trucks

#### **Protective clothing**

**ISO 24588** Protective clothing. Personal protective ensembles for use against chemical, biological, radiological and nuclear (CBRN) agents. Classification, performance requirements and test methods

#### **Machines safety**

**EN 1009-6** Machines for mechanical processing of minerals and similar solid materials - Safety - Part 6: Specific requirements for mobile and semi-mobile machinery

**ISO 16090-1/A1** Machine tools safety — Machining centres, Milling machines, Transfer machines — Part 1: Safety requirements - Amendment 1

**EN 81-44** Safety rules for the construction and installation of lifts - Special lifts for the transport of persons and goods - Part 44: Lifting appliances in wind turbines
