

New standards publications, new works, registration of new subjects or comity creations... Below is the result of the monitoring that EUROGIP does, as part of its standardization activity in health and safety at work. Do not hesitate, if you are interested in the subject, to position yourself and participate.

Health and Safety at Work standards published

ISO 22915-21 Industrial trucks - Verification of stability - Part 21: Order-picking trucks with operator position elevating above 1 200 m

EN ISO 9241-210 Ergonomics of human-system interaction - Part 210: Human-centred design for interactive systems

NF E58-060 Road vehicles - Roll over and Falling object protective structures for jobsites - Laboratory test and performance requirement

ISO 13287 (Revision) Personal protective equipment - Footwear - Test method for slip resistance

ISO 13794 (Revision) Ambient air — Determination of asbestos fibres — Indirect-transfer transmission electron microscopy method

ISO 20264 Stationary source emissions - Determination of the mass concentration of individual volatile organic compounds (VOCs) in waste gases from non-combustion processes

EN 81-82 (Revision) Safety rules for the construction and installation of lifts - Existing lifts - Part 82: Improvement of the accessibility of existing lifts for persons including persons with disability

NF F01-020 Railway applications - Asbestos survey - Survey of materials and products containing asbestos in railway rolling stock - Mission and methodology

New Health and Safety at Work standards work

The new subjects are registered at the CEN or ISO preliminary stage, or submitted to the ISO approval vote. It may be a question of the launching of new work as well as the reactivation of a subject / working group.

Additive manufacturing

EN ISO/ATSM 52904 Additive manufacturing — Process characteristics and performance — Practice for metal powder bed fusion process to meet critical applications

Earth-moving machinery

ISO/TS 21815-2 Earth-moving machinery — Collision warning and avoidance — Part 2: Part 2: On-board J1939 communication interface

Industrial trucks

EN 16842-9:2019+AC Powered industrial trucks - Visibility - Test method for verification - Part 9: order-picking, lateral- and front-stacking trucks with elevating operator position

ISO 3691-6/A1 Industrial trucks - Safety requirements and verification - Part 6: burden and personnel carriers - Amendment 1

Mechanical vibration

ISO/TR 5349-3 Mechanical vibration - Measurement and evaluation of human exposure to hand-transmitted vibration — Part 3: Supplementary description of special signal forms

Safety of machinery

ISO 11161 (Revision) Safety of machinery — Integrated manufacturing systems

ISO 17842 (Revision) Safety of amusement rides and amusement devices

- **Part 1:** Design and manufacture
- **Part 2:** Operation and use
- **Part 3:** Requirements for inspection during design, manufacture, operation and use

EN 13684/A1 Garden equipment - Pedestrian controlled lawn aerators and scarifiers - Safety - Amendment 1
